Following some epic cliffhangers and a long wait for answers, one of the longest-running modern series on television, centering around the personal and professional lives of the medical staff of Seattle's Grey Sloan Memorial Hospital, returns with a new season — its 20th — beginning Thursday, March 14, on ABC. So what can we expect with this momentous season of the medical procedural? Well, all we can say is: Be ready for more drama.

"It was so dramatic with what was happening with the interns and what was happening with Teddy, and I think that the writers have done such a great job at really engaging with the giant cliffhanger and kind of playing with that," says Kim Raver, who plays Dr. Teddy Altman. "There's some great stuff there. I can't tell you who might be coming back this season, but it's exciting."

Raver, who has been playing the cardiothoracic surgeon on and off since 2009, loves the progression of her character over the last 14 seasons and is excited for more.

"What's so great about doing episodic television is playing Teddy, over so many years, is this incredible peeling back of the layers of an onion that's just sort of surprising each time," Raver adds. "She just feels like such a fuller human being right now, especially her coming into being chief."

Whatever is in store for Dr. Altman and the rest of the staff of Grey Sloan Memorial, fans will surely be happy to have it back on air after the last shocking finale, which aired back in May and showed Dr. Altman passed out on the floor and being resuscitated by husband Dr. Owen Hunt (Kevin McKidd).

## "Top Chef" Returns With Kristen Kish As Host

Chefs from around the country headed to the cheesiest state in the nation — Wisconsin — for the 21st season of Bravo's *Top Chef* (Wednesdays, beginning March 20). This season marks a few firsts, including supersized episodes, with the biggest being Kristen Kish (*Top Chef* Season 10 winner and host of *Restaurants at the End of the World*) taking over as host, as Padma Lakshmi left the show after 17 years.

"I'm excited to shake things up," Kish shares. "I could not be more thrilled."

The location couldn't have been easier, as the Midwest is home to the Korean-born chef, who was adopted and raised in Michigan and attended college in Chicago. She knew she would be in her comfort zone in Milwaukee and

Madison, where the majority of filming took place. "It kind of feels like a homecoming in more ways than one." Kish, however, is first to admit that the series is not about her or her fellow judges Tom Colicchio and Gail Simmons, but rather it's the human narrative of the cheftestants that fuels the popularity of the series — the stories of their lives, their professional backgrounds, and their talent and poise in a competitive scenario.

At stake for the 15 talented chefs from across the country is not only the title of Top Chef, but also \$250,000 cash, a feature in *Food & Wine* magazine and an appearance at the Food & Wine Classic in Aspen. The mix of chefs includes James Beard nominees, Michelin-starred kitchen alums and one former *Top Chef* finalist, Kevin D'Andrea (from *Top Chef France*). Milwaukee's own Dan Jacobs, a local celeb of sorts who competed on *Beat Bobby Flay*, is also part of the mix.

#### **The 96th Oscars — Top Nominees**

After the dust settled following last summer's "Barbenheimer" battle between the hotly anticipated feature films *Barbie* and *Oppenheimer*, *Barbie* won the box office by a large margin, and in fact was the highest-grossing movie of 2023. We'll find out who wins these and all the other categories when the 96th Oscars air Sunday, March 10, on ABC. Jimmy Kimmel returns for his fourth stint as host.

She's shocked to discover one of the competitors is Luke (Tyler Hynes), her ex-boyfriend. As the competition revs up, Jess and Luke's personal rivalry becomes a big hit with the audience and producers alike. After a few misfires, they work through their former relationship and start to bond again over their shared love of classic cars. ## 5 QUESTIONS with ...

American Pie and Schitt's Creek alum Eugene Levy has recently taken his trademark glasses on the road to visit some of the world's most desirable and interesting locations with his docuseries The Reluctant Traveler, whose second season takes place in Europe (new episodes stream Fridays on Apple TV+). Still a person who does not like to travel, Levy has admitted to having enjoyed at least some moments on his various trips. He recently sat down with us in Pasadena during the Television Critics Association winter press tour to answer our "5 Questions."

## Are you less reluctant to travel now?

I'm less reluctant by a degree or two. I don't think I would ever travel for fun. I just truly, deep down ... it's the arc of travel that I'm still not totally encompassing. I just really don't like the airport experience.

# **2.** What was your favorite location from the new

I think I would have to say Scotland. The part where my mother was from. That was a great experience going there.

#### **S**■ What was the scariest moment you had this season? Well, it could have been Germany because we were staying in a place that's kind of a wellness facility, so you couldn't get a cup of coffee or a glass of wine in the hotel. Not a lot going on there, [unless] you like broth.

## 4. What was the weirdest food you ate?

Pickled herring. No. The weirdest food was haggis. It's made with every part of animal that you really wouldn't want food prepared with. But the food was incredible in Tuscany. I mean, come on. You can't go wrong in Italy.

# 5. What do you get recognized for most when you're out

In Europe, it has to be American Pie. Every single country, without question. In America, it is now Schitt's Creek.

## MONDAY March 11

#### **MasterChef**

8 pm on FOX

Small chefs, big flavor. This "junior" competition continues with an all-new episode, following as a sweeter-than-chocolate Gordon Ramsay encourages aspiring cooks to do their best in his competition kitchen, now joined by daughter Tilly as a judge.

#### Halo

8 pm on SHOW

Things are starting to get granular as Master Chief (Pablo Schreiber) fights to keep the Covenant from destroying what's left of humanity. Whether this mission can develop the necessary intelligence to give the Spartans an upper hand remains to be seen.

#### **Below Deck**

9 pm on BRAVO

It's not all glamour and Dramamine on the high seas. This series follows the hardworking crew members of a superyacht, the St. David, led by Captain Kerry Titheradge, as they tackle the charting season while living aboard the luxurious watercraft.

#### **Lakefront Empire**

10 pm on HGTV

#### Series Premiere

This series premiere explores the beautiful Lake of the Ozarks, which has more shoreline than the California coast, as real estate agents bring potential homeowners to their ideal spots, and then help them negotiate the home of their dreams.

## The King of Morgan Silver Dollars...

# 99.9% Silver, Legal Tender, EXTREMELY Limited Availability! First Time Ever in History!

You may be familiar with the Morgan Silver Dollar, minted from 1878-1904, then again in 1921, because it is the most popular vintage Silver Dollar ever! But in all those years, with all the millions of Morgans, there was only one year that Morgan Proofs were minted. That year was 1895, when 880 Morgans with a proof finish, known as the "King of Morgans," were struck—so few, and so rare, that these coins in top condition easily sell for \$50,000 today. Proofs have long been favored by collectors because their frosted elements and mirror-like backgrounds offer a higher standard of beauty, quality, and craftsmanship than non-proof coins.

#### Now, Here's the Second-Ever Morgan Proof, Struck for the FIRST TIME EVER in 99.9% Pure Silver!

Unlike the original, vintage Morgan Silver Dollars that were struck in 90% silver and 10% copper, these modern Morgans are struck in pure, gleaming 99.9% fine silver.

## Struck at the San Francisco Mint for the First Time Ever, and A Tiny Mintage By Any Standard!

These are also the first-ever Morgan Silver Dollar Proofs struck at the San Francisco Mint (S-Mint), surprising

because the S-Mint struck millions of vintage Morgans every year (over 115 million Morgans minted featuring the "S" mint mark) from 1878-1921. If there was ever an occasion that called for quick action, this is it—brand new, first time ever, modern Morgan Silver Dollar Proofs have a very limited authorized mintage of just 400,000!

#### Very Limited. Don't Miss Out!

Secure these bright, shiny, new legal-tender Morgan Silver Dollar Proofs, struck in 99.9% Silver, right now! Call 1-888-395-3219 to secure yours immediately because these—WILL NOT LAST!

## Order Now! Free \$25 Bonus Pack and Free Shipping!

When you order now, you'll receive a BONUS, a new and improved Patriots Pack, valued at \$25, FREE with your order. Plus, you'll also get FREE Shipping! Order now because these will absolutely disappear quickly!

### TUESDAY March 12

#### **Vanderpump Rules**

8 pm on BRAVO

"Real Housewife" alum Lisa Vanderpump is known as the owner and boss of the West Hollywood, Calif., restaurant SUR. She mixes a parental concern with entrepreneurial anxiety as she rules over a young group of employees who are best at serving drama.

#### Chopped

8 pm on FOOD

If it walks like a duck and quacks like a duck, it looks like the four chefs are gunning for it in order to make a scrumptious appetizer basket that will leave the judges' mouths watering. Then in the entree round, tastes shift to home comfort food.

#### Fixer to Fabulous

8 pm on HGTV

Dave and Jenny set off on an extraordinary journey, revitalizing a centuries-old Italian villa for their close friends aiming to establish a Tuscan vacation rental. This endeavor unfolds as one of their most demanding renovation undertakings to date.

## Alert: Missing Persons Unit

9 pm on FOX

Set in the hard-working Philadelphia Police Department, this procedural drama shares a new story each episode, following a case that results in a heart-pounding search for a missing person, and, hopefully, their eventual retrieval and journey home.

### **HOROSCOP** BY YASMIN BOLAND

a Pisces (born March 11), of "Killing Eve"

ARIES (March 21 - April 19) Back in the day, only mystics and hippies would talk openly about using their intuition. However, the times are changing and these days, anyone who knows how to trust their gut is ahead of the pack, personally and professionally. Are you moving with the times? Test out your intuition this week!

TAURUS (April 20 - May 20) You're in a cycle where your dreams can come true - but you have to have the courage to commit to them. Don't keep them hidden away on the backburner of your mind. Find someone you really trust who believes in you and tell them what you want. Speak your desires into being.

GEMINI (May 21 - June 20) No one said 2024 was going to be easy. You're under pressure and in fact, it's the start of a cycle where you're going to feel more and more pressurized. But guess what? What doesn't destroy is going to make you stronger. Once you see your strength, there'll be zero stopping you!

CANCER (June 21 - July 22) Sometimes you just need to step back and have a good look at the bigger picture - and this is one of those times. No matter what you've been through in the past decade or so, know that you're in a renaissance. Summon up gratitude for all that has gone right.

**LEO** (July 23 - Aug. 22) There are lessons coming your way about money this year, ready or not. The thing is to pay proper attention - if you learn what you need to about your incomings and outgoings, you will be standing in good stead for the coming decade and a half. Face up to financial facts.

VIRGO (Aug. 23 - Sept. 22) If your love life is going well, rejoice and be glad! If it feels like a heavy weight around your neck, get used to it! The cycle you're in now is

going to be demanding. How much you put up with depends on how committed you are. Do the right

LIBRA (Sept. 23 - Oct. 22) How does a staid life sound to you? Right now, the more regular and routine your life can be, the better. It might sound boring, but it's a lot better than tough, right? So go for the everyday. Plod along a little, and be prepared for mundane. Mundane is your friend!

**SCORPIO** (Oct. 23 - Nov. 21) If you're not having fun yet, have a word with yourself. OK, so you might have a ton of commitments and duties hampering your social schedule but even you can squeeze some good times into your diary. This week in particular, seek out the fun people. Invite in some good

SAGITTARIUS (Nov. 22 -Dec. 21) Focus on what you want and not on what you don't want. Make this is a habit and stick to it for ... the next 20 years or so! It's imperative. You're making magic with every thought you think. So, process negativity and think good thoughts as much as you can.

CAPRICORN (Dec. 22 - Jan. 19) If you feel like someone isn't telling you the truth this week, you might be right. Explore that feeling. And if you're feeling inspired this week, explore that too! You have mystical stars, and you could end up feeling on cloud nine or like someone's fooling you. Careful who you hang out with!

AQUARIUS (Jan. 20 - Feb. 18) It's important to work on your self-esteem right now. The more you believe in yourself, the more you're going to trigger the law of attraction and the more others will believe in you too. Whatever you're creating is more likely to manifest if you think you can make it happen. Back yourself.

PISCES (Feb. 19 - March 20) This is such a pivotal time for you. The most important thing now is to maintain your integrity. The minute you start acting shifty is the moment the Universe will come down on you like a ton of bricks. Do what you said you were going to do. Be honest with everyone.

### THURSDAY March 14

#### 9-1-1

8 pm on ABC

#### Season Premiere

It's a new network and a new season for the high-pressure world of first responders. It looks like Bobby (Peter Krause) and Athena's (Angela Bassett) cruise from the end of last season may have found some rough seas, which could cause issues back home.

#### **Grey's Anatomy**

9 pm on ABC

#### Season Premiere

She's back! Even though she departed as a series regular last season, Dr. Meredith Grey (Ellen Pompeo) must have left something in her desk because she returns in this Season 20 premiere. Drs. Bailey (Chandra Wilson) and Marsh (Scott Speedman) return.

### Farmer Wants a Wife

9 pm on FOX

Country life isn't for everyone, but it's picture perfect for some. 32 women initially joined the second season of this "farm-ified" dating show, split into groups where they would together compete for the attention and affection of one of four farmers.

#### **Elsbeth**

10 pm on CBS

Elsbeth (Carrie Preston) left her successful legal career in Chicago to take a new investigative role with the NYPD and its star, Captain C.W. Wagner (Wendell Pierce). Can they learn to appreciate Elsbeth's insightful and offbeat ability to solve crimes?

### "General Hospital" Is Headed Back To Court — And The Awards Show Circuit

Ingo Rademacher (ex-Jax, pictured right) lost his case against Disney and ABC (the owners of *General Hospital*) over his exit from the show for refusing to comply with the company's COVID-19 policy back in 2021. However, the same judge who ruled against the actor has OK'd a similar lawsuit brought by two former crew members.

According to *Deadline*, Disney and ABC have lost their bid to dismiss a discrimination suit filed by two former *GH* crew members (James Wahl and his son, Tim Wahl) over the company's

since-lifted COVID-19 vaccine mandate. At presstime, the case was set to go to trial on March 11.

"As many people move beyond the pandemic, this ruling should serve as a reminder of the thousands of people who lost their careers because they asserted their rights and stood up to their employers' efforts to make them violate their conscience," Scott Street, attorney for the Wahls, said. "The pandemic won't be over until every corporation that violated its employees' rights has been held accountable. We look forward to presenting this case to a jury soon."

The courtroom isn't the only arena *GH* is entering. The ABC soap opera was nominated in the category of Daytime Drama at the 2024 Writers Guild of America Awards. The show will be going up against nominee *Days of our Lives*. The Peacock serial

submitted episodes involving the late Victor Kiriakis' (John Aniston) memorial service and ones that featured guest star Dick Van Dyke (pictured left) as John's

(Drake Hogestyn) father, Timothy Robicheaux.

Speaking of awards, there will be one less performer statuette given out at the 51st Annual Daytime Emmy Awards later this year. The National Academy of Television Arts & Sciences has eliminated the category of Outstanding Younger Performer in a Drama Series.

Over the past few years, the Younger Actor and Younger Actress categories were combined into one award. The inaugural winners in 1985 were Tracey Bregman (Lauren, *The Young and the Restless*) and Brian Bloom (Dusty, *As the World Turns*). The last winner was Eden McCoy (Josslyn, *GH*).

Daytime Emmy winner Mishael Morgan, who recurs as Amanda on *Y&R*, has a new movie that's currently hitting the festival circuit. She plays Lisa, a woman with a hidden agenda, in the film *Sway*. The movie tells the story of a Black community leader (played by Emmanuel Kabongo) whose life spirals out of control.

# **ASK MATT**

### WILL THERE BE MORE YELLOW-STONE ON CBS?

@TVGMMattRoush

**Question:** Is CBS going to finish showing *Yellowstone* episodes? –*Sharon Z*.

Matt Roush: For now, no. With the network's full slate of original series back on the air, CBS will no longer be showing repeats of past seasons. (The network stopped their broadcast run with the end of Season 3.) CBS may eventually decide to show Season 4 and beyond - again, the summer off-season may give them the window to do so - but there is no indication that is in the offing. If you want to catch up, you may have to cross the streaming divide, because Season 4 doesn't appear to be available on home network Paramount Network's website at present. (All seasons are available on Peacock.)

**Question:** Will *Transplant* be back? –*Chris S*.

Matt Roush: There will be a fourth and final season of the Canadian medical drama – the episodes have already aired north of the border – but it doesn't appear that NBC is going to follow those episodes directly after having just aired the Season 3 finale. When we'll see them hasn't yet been announced, but, I'd expect the network to find a place and a time to show these final episodes.

### TUESDAY March 19

### **Bobby's Triple Threat**

9 pm on FOOD

It's a gauntlet of gastronomical goodness as one daring chef takes on three of the biggest names in the culinary realm – titans Brooke Williamson, Tiffany Derry and Michael Voltaggio – each hand-picked by Bobby Flay, in order to be crowned champion.

#### Little People, Big World

9 pm on TLC

Talk about awkward. With the farm sale falling apart, everyone is shocked when Matt decides to ask Caryn to marry him. Adding to the weirdness, Amy and Chris have them over for dinner as the couple is in the throes of house hunting. And, Josiah turns one.

#### **Shogun**

10 pm on FX

After training the gun regiment, Blackthorne (Cosmo Jarvis) and Mariko (Anna Sawai) must contain a secret that could get them killed. Then, Yabushige (Tadanobu Asano) searches for the spy that informed Toranaga (Hiroyuki Sanada) of his true intentions.

#### The Valley

10:30 pm on BRAVO

#### Series Premiere

Let's call it happily ever after as couples living the dream Hollywood existence find their way out of the fast lane of Tinsel Town and into the more serene life of the Valley suburb. From wild nights to crying babies, the kids are growing up.

## WEDNESDAY March 20

#### **Morbius**

8 pm on FX

#### Premiere

Sometimes, the cure is worse than the disease. When Dr. Michael Morbius (Jared Leto) attempts to heal his rare blood disorder and save others suffering the same fate, his initial success is quickly overshadowed by a supernatural form of vampirism.

### Married at First Sight

8 pm on LIFETIME

They've been looking for love their entire lives. So, after failing miserably, they're ready to let science take the reins and pick them the perfect partner. But even with the technology at hand, there's still a lack of trust in the algorithm.

#### **Top Chef**

9 pm on BRAVO

#### Season Premiere

It's a new season and a new host as Kristen Kish replaces Padma Lakshmi at the helm. Kish knows the show better than most as she won the Season 10 competition back in 2013. Judges Gail Simmons and Tom Colicchio return to the culinary challenge.

#### **Last Chance Garage**

10 pm on MOTOR

#### Series Premiere

In this series premiere, Tony D'Antonio and his team of Philadelphia-based mechanics take on the mistakes made by other garages, taking customers' messed-up automobiles from nightmares back into the dream machines they always wanted.

# **CHEERS & JEERS**

by Damian Holbrook TV Guide Magazine

# **CHEERS TO WILD CARDS'**

We are all in on The CW's sparkling con-and-cop duo of Riverdale's Vanessa Morgan and Grey's Anatomy alum Giacomo Gianniotti (below, with Morgan).

# **CHEERS TO** Resident Alien's

The Syfy fave has always been a perfect comedy-drama hybrid, but now that the show is digging into the torturous abductions of Mayor Ben and wife Kate (Levi Fiehler and Meredith Garretson) and a potential invasion led by the E.T.s known as the Greys, Season 3 suddenly feels darker and deeper.

follow Cheers & Jeers

@damianholbrook

# **BOWL'S FALSE START.**

We say this every year, and we'll say it again: Half the fun of watching the big game is being surprised by the equally big-budget commercials. So why does it feel like we saw most of them (like Patrick Stewart's Paramount+ ad, above) days before kickoff?

# THE DAYTIME

for wasting its youth. The annual kudo-fest has axed the category for Outstanding Younger Performer in a Daytime Drama Series, which has, in the past, given trophies to the likes of then-soap newbies Julianne Moore, Anne Heche and Sarah Michelle Gellar (above).

Now, a prickly herb has been discovered to....

# BOOST BLOOD FLOW TO YOUR LEGS, FEET, AND HANDS WITH A 95% SUCCESS RATE VERIFIED BY CLINICAL STUDY

A re-discovery from the 1600s is causing a frenzy within the medical system. A weird herb has been shown in six clinical studies (and by thousands of users) to be very effective for leg and feet pain, burning and numbness – with no side effects – at low cost – and with no doctor visit or prescription needed.

This weird herb comes from a 12-foot tall tree that grows in Greece and other countries in Europe. In the old days, people noticed that when their horses who had leg and feet problems ate this herb – it was almost like magic how quickly their problems got much better. They called it the "horse herb". Then somehow with Europe's ongoing wars, this herbal secret got lost in time.

"It works for people who've tried many other treatments before with little or no success. Other doctors and I are shocked at how effective it is. It has created a lot of excitement" says Dr. Ryan Shelton, M.D.

Its active ingredient has been put into pill form and improved. It is being offered in the United States under the brand name Neuroflo.

#### WHY ALL THIS EXCITEMENT?

Researchers have found an herb originally from Greece that has been shown in six placebo-controlled medical studies (543 participants) to be effective and safe. This natural compound strengthens blood vessel walls and reduces swelling to stop the pain and suffering.

Poor blood flow in the legs and feet is one of the common problems that develops

from neuropathy and chronic venous insufficiency (CVI), edema, and other leg/feet problems – millions have these but are undiagnosed.

Today's treatments don't work for a

as we age. Millions of Americans suffer

Today's treatments don't work for a high percentage of people – and they have side effects that make them hard to tolerate or that people do not want to risk. This includes prescription drugs, over the counter pain pills, surgery and compression.

#### **HOW IT WORKS**

Here's why you have pain now: Your arteries have weakened. Your arteries can't carry enough blood, nutrients and oxygen down to your legs and feet. This damages your nerves and causes your burning, tingling and numbness.

The herbs in the pill Neuroflo strengthen your arteries that carry blood, nutrients and oxygen to your feet and legs. It improves your circulation so oxygenated blood goes

to the nerves and repairs them. This makes your nerves grow stronger so your pain fades away and your legs and feet feel much younger again.

Katerina King from Murrieta, California says, "I had hands and feet tingling and snapping and burning feeling. It made my life very uncomfortable. I had a hard time walking, my legs felt like they each weighed 50 pounds. Once I got in my car and my feet felt so heavy I couldn't even drive the car. With Neuroflo I have no more tingling, cold or burning painful legs and feet. It went away."

#### WHAT DOCTORS ARE SAYING

"I have been recommending NeuroFlo to my patients for years, and I have been very impressed with the results. It is a safe and effective way to relieve the pain and discomfort of neuropathy. I highly recommend it," says Dr. James Leaper, M.D.

Dr. Ryan Shelton, M.D. says "This is new and different. It works for people who've tried many other things before. It is natural with no side effects. Don't give up hope for your leg and feet pain, burning, tingling and numbing. This pill is working for countless people after other treatments have failed them. I highly recommend it."

"NeuroFlo has been a game-changer for my patients with leg and foot pain. Its natural formulation, backed by scientific research, sets it apart from other supplements. I have witnessed significant improvements in my patients' symptoms and overall well-being. NeuroFlo is a safe

WORKS IN AMAZING WAY: A prickly plant was used in Europe in the 1600s to revitalize ailing legs. Lost over the centuries, it is now making a comeback as US doctors rediscover its impressive results – sending relief to thousands of users with:

- Burning, Tingling, Painful Legs
   Numbness & Feet
  - Swollen, Achy V
- & Feet
  Varicose
  Veins

and effective solution worth considering," said Dr. James Leaper, M.D.

Now you can get a good night's sleep - peaceful, restful sleep - with no pain, tingling, zinging, itching or zapping. Improve your balance and coordination. No side effects - safe to take with other medications. Enjoy your favorite activities and hobbies again. Be more active, have more fun, enjoy life more. Don't risk irreversible damage to your feet and hands. Don't get worse and wind up in the hospital or a nursing home.

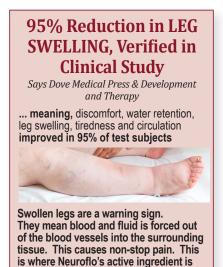

Neuroflo is GUARANTEED to work for you – or you will get full refund with a 90-day unconditional money-back guarantee. It is NOT sold in stores or online. No prescription or doctor visit is required.

#### 50% OFF FOR THE NEXT 10 DAYS

This is the official release of NeuroFlo for readers of TV Weekly. Therefore, everyone who calls within the next 10 days will receive 50% OFF their first order. # Mobilify Provides Terrific Joint Comfort Even When Glucosamine, Chondroitin, and MSM Fail

This new "5-day joint comfort" formula works 10X faster than Glucosamine — GUARANTEED!

Mary used to see stairs as a cruel reminder of how she wasn't bouncing back from her busy, active life.

But with **Mobilify**, she's just one of over 1 million lucky people who've had the support to continue their active lives... without second guessing their abilities...

She even noticed clear benefits in as little as 5 DAYS that remained consistent with this best-selling Doctor-formulated joint-soothing formula.

From sunny Palm Beach, across America's Heartland, all the way to the tranquil shores of Thailand...

With Mobilify, a growing community of men and women has redefined what it means to get older without joint discomfort -- in just days!

#### "I never thought I could feel this good!"

Take Shirley, for example. After just two weeks on **Mobilify**, she was bounding up and down her staircase with renewed vigor. "I had no idea this was such a wonderful product," Shirley exclaims, now a devotee who shared **Mobilify** with her entire circle of family and friends.

Or consider Dan, a military veteran hailing from Thailand. Life after sustaining military injuries seemed like an unending saga... Never knowing when it would strike... It seemed like, on occasion, regular activities like walking, once as natural as breathing, became more of an uphill battle—until Mobilify. "I walk over 2 miles a day now," he says, "I'm thrilled to consistently feel this good."

And then there's Cindy from Tomball, Texas. For her, joint discomfort was just another bump in the road that was more noticable as she aged. Her dreams of dancing into retirement turned into "sit and wait" while more agile friends lived it up. Mobilify proved her wrong. "My joints are feeling good enough to dance every night... even after a long day," she happily reports. And she didn't need to wait weeks to notice results like she thought.

#### "Why Wait 8 Weeks...When I Can Feel It Start Working in Just 5 Days?"

That's the question many are asking their knees and shoulders... Dr. after trying **Mobilify**, a breakthrough supplement that is rapidly changing options that all sound like the next big

the game for those dealing with occasional joint discomfort.

Gone are the days when you had to wait weeks and weeks for supplements like glucosamine to take effect. With **Mobilify**, a study on one of the key ingredients found that it: "... improved joint function and relieved occasional discomfort in as early as five days." – That's a staggering 10 times faster than glucosamine!

#### 10 Times Faster Than Glucosamine... AND a 100% Success Rate? What's Behind This Unmatched Support?

First, let's get one thing straight: A large-scale review of multiple scientific studies on Glucosamine and Chondroitin recently found that these popular options don't work any better than taking a placebo, which is like taking nothing. Fun fact: the placebo worked even better in one case!

But get this: In a randomized, double-blind, placebo-controlled study, patients with occasional knee discomfort took just ONE of the ingredients in Mobilify for eight weeks. The results were nothing short of astonishing: Every single participant who took this ONE key ingredient in Mobilify noticed loose, comfortable joints.

I'll say it again: 100% success rate with just ONE of the ingredients—when the alternative doesn't even work at all! When's the last time you heard something worked for everyone... All the time?

# Your Satisfaction is 100% GUARANTEED!

Dr. Sears, the pioneering physician behind the new formula, knows it's hard to believe something natural could work so well... and so fast... Especially if you've tried other options with no real results. That's because just ONE of the ingredients that make up the unique combination in Mobilify helps support the natural healthy function of your joints instead of "covering up" discomfort like over-the-counter options.

From patients sharing stories of their quest to keep their active lifestyles... while choking down multiple pills a day... and slathering greasy ointments and creams on their knees and shoulders... Dr. Sears knows you're bombarded with protions that all sayud like the port bing.

With Mobilify, a growing community of men and women has redefined what it means to get older without joint discomfort -- in just days!

thing... That's why he is announcing the most incredible way to take ALL risks off your shoulders.

#### The "Move Like New" RISK-FREE 100% Money-Back GUARANTEE!

Dr. Sears says, "After witnessing first-hand transformations... Please just give Mobility an honest try. If it doesn't help with occasional soreness, stiffness, or temporary discomfort, help you feel your very best, or give you hope in any way... just send back the unused product within 90 days, and I'll send you your money back." It's that simple. Move Like You're Young, Or Don't Pay a Red Cent.

#### Impressive Results for Supporting Knees, Hips, Shoulders, and Joints

# Send Her Over The Rainbow

# 700-year old legendary art form for the price of your dreams.

ow I know how that little farm girl from Kansas felt when she went over the rainbow and awoke in a land of spectacular color. Look what I found in the land of ahhs!

Approaching Burano Island off of northern Venice was like being swept away in a dream. Known for its brightly-painted fisherman houses that line the canals, I was greeted with every color of the rainbow. Since before the Venetian Republic, Burano was home to fishermen and legend says that the houses were painted in bright hues so they could see their way home when fog blanketed the lagoon.

Inspiration struck. I wanted to capture this historical beauty in the centuries old art form of Murano. Still regarded as being the finest form craftsmanship in the world, Murano has evolved into modern day fashion statements.

So I hopped on a vaporetto for a forty minute ride to Venice and sought out the impeccable talents of one of Venice's finest Murano artisans. They've captured the vibrant colors of the iconic fisherman houses in the perfect hand-formed beads of The Rainbow Murano Necklace. To own a piece of authentic Murano is to own a piece of fine art steeped in history. Each and every piece is a one-of-a-kind masterpiece.

I want to make it easy for you to send her over the rainbow. That's why for a limited time you can treat her to the The Murano Rainbow

Necklace for only \$39. And, to help you double down on romance, I'll throw in the matching bracelet absolutely FREE! As one of the largest importers of Murano Glass jewelry, we have a way of making dreams that you dare to dream come true.

Satisfaction guaranteed or your money back. Enjoy the Murano Rainbow Necklace for 30 days. If it doesn't pass with flying colors, send it back for a full refund of the item price. You can even keep the bracelet for your trouble.

Limited Reserves. You could easily pay \$300 or more for a Murano glass bead necklace, but at \$39 PLUS a FREE bracelet, these authentic handcrafted pieces won't last. For a remarkable deal, there's no place like Raffinato.
