The Great War

History Debuts Four-Hour Cinematic Documentary.

This year marks the 110th anniversary of the start of World War I. The "War to End All Wars" lasted over four years and resulted in more than 9 million soldiers killed and over 20 million wounded, and between 7 and 13 million civilians dead.

The United States entered the "Great War" in 1917 on the side of the Allies (France, the United Kingdom, Russia, Italy and Japan), who were in conflict with the Central Powers of the German empire, Austria-Hungary, the Ottoman Empire and Bulgaria. Ultimately, the U.S. suffered more than 116,000 military deaths.

The Great War, History's four-hour cinematic documentary airing in two-hour installments over consecutive evenings beginning on Memorial Day (Monday, May 27), focuses on America's involvement in the fighting during the critical year

of 1918. It follows Gen. John J. Pershing, leader of the American Expeditionary Forces, who is charged with training and deploying an army almost from scratch; Michael B. Ellis, a young man fighting with the Army's soon-to-be-legendary Big Red One (the 1st Infantry Division); and a group of African American soldiers, including Henry Johnson and Horace Pippin, whose courage in battle helped their regiment be christened the Harlem Hellfighters.

The documentary weaves together the stories of these men, accompanied by insights from academics and military experts, to tell a larger, more complex tale of how America joined World War I as an underdog and came out the leader of the 20th century.

Jay Pharoah Hosts New Summer Game Show "The Quiz With Balls"

Think of it as *Family Feud* meets *Wipeout* by way of *Who Wants to Be a Millionaire*. Actor and comedian Jay Pharoah (*Saturday Night Live*) hosts the new game show *The Quiz With Balls* (Tuesdays on FOX beginning May 28), which is based on a Dutch format. Two teams answer multiple-choice trivia questions, with each answer corresponding to a position on a platform above a pool of water. The player stands on that position, with a pool of water in front of them and a giant ball suspended at the top of a ramp behind them. A correct answer stops the rolling ball at the bottom of the ramp. A wrong answer results in the ball knocking the player into the pool. As more players take a splash, the questions get harder. Teams bank prize money the longer they stay dry until one player competes in the final round for a \$100,000 grand prize. "The show's got heart, the show's got knowledge and it's funny," Pharoah says. "When you take all those ingredients and you mix them together, you've got a cake that's going to last you a while." Pharoah's excited for viewers to witness some wildly unexpected moments, like when a contestant accidentally lost her balance. "She got the answer right, but she was so busy looking at her other family members and looking at what their answers were that she fell into the pool," he says. "That's what you get for being nosy!" — Ryan A. Berenz

Courtesy of Investigation Discovery

Investigation Discovery will premiere the four-part docuseries ***Fallen Idols: Nick and Aaron Carter*** over two nights on Monday and Tuesday, May 27 & 28 from 9 to 11 PM ET/PT, and available to stream on Max. Prepare to have the curtains pulled back on the fraught dynamic of the Carter family and the dark side of such an abrupt rise to fame. Nick was a member of the Backstreet Boys, while Aaron enjoyed a successful solo career. From their fame in the late 1990s and early 2000s to their headline-making struggles in recent years, *Fallen Idols* will explore singer and actress Melissa Schuman's 2017 accusation of sexual assault against Nick Carter, along with similar accusations from Ashley Repp and Shay Ruth. During this period, Aaron Carter decided to support Nick's accusers, while battling addiction and struggling with his own mental health, stoking a very public feud between the two brothers in the lead-up to Aaron's tragic death in 2022. There are exclusive interviews with the accusers, along with family and friends.

National Geographic will honor World War II soldiers of color with the four-part special ***Erased: WW2's Heroes of Color***, beginning Monday, June 3 from 9 to 11pm ET/PT, streaming the next day on Disney+ and Hulu. The 9 PM episode, ***Pearl Harbor***, tells the story of three Black sailors who not only miraculously survived the attack on Pearl Harbor but also saved countless lives. Hundreds of Black sailors fought for their lives as Japanese bombs hit, with some performing incredible acts of heroism. It took years before many of these men were properly honored after their return. Then at 10 PM, ***D-Day*** unearths the hidden heroes of the 320th Barrage Balloon Battalion who helped liberate Europe. These American soldiers were the only all-Black combat unit to fight on the D-Day beaches. After valiantly serving their country, they returned home, where their heroics in France were quickly forgotten. On Monday, June 10 from 9 to 11 PM ET/PT, two new episodes will air. ***Dunkirk*** reveals the gripping story of Force K6, an Indian regiment evacuating Allied forces at Dunkirk, and ***Battle of the Bulge*** explores the story of the Black Panthers, an elite African American tank battalion.

Urgent: Special Summer Driving Notice

To some, sunglasses are a fashion accessory...

But When Driving, These Sunglasses May Save Your Life!

Drivers' Alert: Driving can expose you to more dangerous glare than any sunny day at the beach can... do you know how to protect yourself?

The sun rises and sets at peak travel periods, during the early morning and afternoon rush hours and many drivers find themselves temporarily blinded while driving directly into the glare of the sun. Deadly accidents are regularly caused by such blinding glare with danger arising from reflected light off another vehicle, the pavement, or even from waxed and oily windshields that can make matters worse. Early morning dew can exacerbate this situation. Yet, motorists struggle on despite being blinded by the sun's glare that can cause countless accidents every year.

Not all sunglasses are created equal. Protecting your eyes is serious business. With all the fancy fashion frames out there it can be easy to overlook what really matters—the lenses. So we did our research and looked to the very best in optic innovation and technology.

Sometimes it does take a rocket scientist. A NASA rocket scientist. Some ordinary sunglasses can obscure your vision by exposing your eyes to harmful UV rays, blue light, and reflective glare. They can also darken useful vision-enhancing light. But now, independent research conducted by scientists from NASA's Jet Propulsion Laboratory has brought forth ground-breaking technology to help protect human eyesight from the harmful effects of solar radiation light. This superior

Slip on a pair of Eagle Eyes® and everything instantly appears more vivid and sharp. You'll immediately notice that your eyes are more comfortable and relaxed and you'll feel no need to squint. The scientifically designed sunglasses are not just fashion accessories—they are necessary to protect your eyes from those harmful rays produced by the sun during peak driving times.

lens technology was first discovered when NASA scientists looked to nature for a means to superior eye protection—specifically, by studying the eyes of eagles, known for their extreme visual acuity. This discovery resulted in what is now known as Eagle Eyes®.

The Only Sunglass Technology Certified by the Space Foundation for UV and Blue-Light Eye Protection. Eagle Eyes® features the most advanced eye protection technology ever created. The TriLenium® Lens Technology offers triple-filter polarization to block 99.9% UVA and UVB—plus the added benefit of blue-light eye protection. Eagle Eyes® is the only optic technology that has earned official recognition from the Space Certification Program for this remarkable technology. Now, that's proven science-based protection.

The finest optics: And buy one, get one FREE! Eagle Eyes® has the highest customer satisfaction of any item in our 20 year history. We are so excited for you to try the Eagle Eyes® breakthrough technology that we will give you a **second pair of Eagle Eyes® Navigator™ Sunglasses FREE—a \$59.95 value!**

JOE MANTEGNA

Of PBS' "National Memorial Day Concert"
By Jacqueline Cutler

Anyone who's watched Joe Mantegna over the decades knows his range. Whether playing David Rossi on *Criminal Minds* or voicing Fat Tony on *The Simpsons*, Mantegna always delivers a believable performance. But there's one special where he's not performing. As cohost along with Gary Sinise of PBS' *National Memorial Day Concert* (May 26), Mantegna is just being himself — honoring veterans. Here Mantegna answers our "5 Questions."

1. How did you become involved with the Memorial Day Concert? Memorial Day, to me, wasn't a time of mourning so much as it was the Indianapolis 500 and barbecue. I love Charlie [Charles Durning] and he came to me and said he was part of this concert, and we do things with actors. I thought, "That sounds interesting."

2. What was it like, especially that first year when the country was reeling after the 9/11 attacks? I was thinking, "This seems a little more elaborate than expected." The country was in a state of mind to pull together. And my bit was to read the words of four New York firemen who had all lost their sons in 9/11.

3. How is this different from other gigs? I didn't realize the whole scope of what this was going to be. Behind me on the stage is the Washington Symphony Orchestra, and they're playing Mozart's *Requiem*, and on these movie screens surrounding me, they're showing footage of planes flying into the World Trade Center. In the first row are fathers of New York firemen who died on 9/11, and they're in their full-dress uniforms with their wives. As I'm saying these words, I'm praying to myself, please let me get through this.

4. What did you realize at that point? It's not an acting job. I'm recounting history, and I'm recounting it in the most unbelievable scenario possible. I'm talking to the parents. I'm talking to a quarter of a million people. The flag is flying on the Capitol. Music is playing. My legs are starting to shake, but I know I've got to get through it. I get through it, and then I even ad lib a line at the end because I didn't know what else to do. ... I said something like, "Tonight they are all our sons. We are all your sons." And I walked offstage to greet them.

5. This concert is always poignant, but how did that moment affect you? I went down and I hugged them. They were more in control than I was. I couldn't believe the amount of empathy, and everything all hit me at once. And I'm thinking this is beyond any acting job I've ever done. All I could think to myself is, "I'll never forget this experience."

Summer Baking Championship

There's nothing like the sea air and a luxurious ocean cruise, so host Jesse Palmer has the 10 bakers create cruise-themed delights, including inner tube cakes and snorkeling-themed cheesecakes, for judges Carla Hall, Damaris Phillips and Duff Goldman.

Below Deck

9 pm on BRAVO

Aboard the St. David, things aren't always smooth sailing. During this all-new episode, a picky primary tests Chef Nick's food – and his patience. Meanwhile, on-board couples make plans to see if their "boatmanances" can survive off the boat.

Stax: Soulsville, U.S.A.

9 pm on HBO

Series Premiere

This docuseries transports viewers back in time to 1960s Memphis, Tenn., where a group of interracial collaborators joined forces to make music on their own terms. Known as Stax Records, it was one of America's most influential creators of Black music.

TONY GOLDWYN, a Taurus (born May 20), of "Law & Order"

ARIES (March 21 - April 19)

A change in your fortune is possible, either literal, metaphorical or both, this week. As two of the sky's luckiest and most benevolent planets join forces in your Cash Flow Zone, you can expect some good things to come your way. Expect the best and that's what you'll get.

TAURUS (April 20 - May 20)

This may be one of the best weeks you'll have all year! This is because your star, Venus, joins lucky Jupiter in your sign. You can expect a lot of good things to happen. Also, you can be proud of yourself. The rewards from the changes you've implemented may arrive.

GEMINI (May 21 - June 20)

This is the most exciting week for you as Jupiter moves into your sign. It's been a long time since you've had a cosmic boost like this. Take a little time to think, contemplate and celebrate too. What do you wish for? What it is you wish for you'll likely get.

CANCER (June 21 - July 22)

Friendships have been a little topsy turvy of late. If this has rattled you emotionally, then this week may bring some relief. Extend or accept an olive branch. See the best in those that have hurt you. Forgive yourself. Some time alone will do you the world of good.

LEO (July 23 - Aug. 22)

You'll enter a double luck phase this week as lucky Jupiter arrives in your Luck Zone. This isn't necessarily winning the lotto type of luck. It's more about opening up to new possibilities and opportunities that are available. Changing the way you think about your luck is what will bring it.

VIRGO (Aug. 23 - Sept. 22)

It is your Career and Life Direction that is going to be loaded with new opportunities and growth possibilities. With so many options available to you, remember that you always have choice. Decision fatigue may

be real. Take time if you need it to make a decision this week.

LIBRA (Sept. 23 - Oct. 22)

It doesn't always feel like it at the time, but the changes you've made will begin to bear fruit. When you decide to change things, you see life or a particular situation from an entirely new point of view. The world is about to open up to you, be ready.

SCORPIO (Oct. 23 - Nov. 21)

Relationships have had their fair share of ups and downs for as long as you can remember now. It's taken a toll! You now have the chance to kiss and make up or perhaps it's more about forgiving and forgetting. The trust you seek is found in taking the higher road.

SAGITTARIUS (Nov. 22 - Dec. 21)

You can expect some of the happiest moments in love this week. That's due to your planet, Jupiter, arriving in your Relationship Zone. Personal or professional, other people are coming into your life to elevate and expand you. Good things can happen when you open up to possibilities in love.

CAPRICORN (Dec. 22 - Jan. 19)

This week could be a last-ditch attempt showing someone just how much they mean to you. Life is about to get frantic for you in terms of how busy it's going to get. Smell the roses now. Don't put off until tomorrow what you need to do today.

AQUARIUS (Jan. 20 - Feb. 18)

Life has felt heavy for a while now, though you do get a reprieve now. With Jupiter moving into your Fun, Joy and Romance Zone, you get to live it large when it comes to the good life. Yes, real transformation is happening. Be sure to have some fun along the way.

PISCES (Feb. 19 - March 20)

Your Home and Family Life is the recipient of some wonderful benefits and blessings now. Your living situation is set to improve or it may be your familial dynamics that get better. All this is possible on the home front and with family. Enjoy the simple things for contentment and happiness.

A Few Soaps Hit Some Major Milestones

Another World Premieres 60 Years Ago

This classic soap opera was an NBC daytime staple from May 4, 1964-June 25, 1999. It aired in a half-hour block from 1964-75, then went to an hour from 1975-79 and 1980-99 (there was a short-lived expansion to 90 minutes in 1979-80).

40 Years Ago: Steve & Betsy's Wedding on *As the World Turns*

For 54 years, millions of viewers tuned in to *As the World Turns* to marvel at the love affairs, losses and tragedies of the elites in fictional Oakdale, Illinois, making it TV's No. 1 soap for 20 years in a row. At the center of much of the action: the prominent Hughes family, who counted glamorous doctors and lawyers among their ranks. During its run on CBS from 1956 to 2010, future stars such as Julianne Moore, Courteney Cox and Richard Thomas all appeared, but the beating heart of the show was its long-running cast members including Don Hastings as benevolent medic Bob Hughes and Eileen Fulton as his scheming ex-wife, Lisa Grimaldi, dubbed by *TV Guide Magazine* as daytime TV's first "supervixen." But another couple also captured fans' attention. About 20 million viewers tuned in for the May 31, 1984, episode of the long-running daytime drama, which saw super-couple Steve (Frank Runyeon) and Betsy (Meg Ryan) get married (pictured above). It was the second highest-rated hour in American soap opera history, after Luke and Laura's *General Hospital* wedding in 1981.

Susan Lucci Finally Wins a Daytime Emmy (25 Years Ago!)

Years ago, *TV Guide Magazine* wrote that *All My Children*'s Erica Kane was "unequivocally the most famous soap opera character in the history of daytime TV." That still holds true. Erica, played by fan favorite Susan Lucci, did it all in her 41-year run in Pine Valley. She owned a disco, modeled, edited a magazine, founded a cosmetics company, disguised herself as a nun, attempted to free her lover from prison via a helicopter and chased away a bear. "I am Erica Kane, and you are a filthy beast!" Erica declared to a stunned grizzly. Erica had two daughters, Kendall (Alicia Minshaw) and Bianca (Eden Riegel), and also a son that she didn't know about for decades. During Lucci's run as Erica Kane from 1970-2011, she received 21 Daytime Emmy nominations as Outstanding Lead Actress in a Drama Series. Her only win came on May 21, 1999, following her 19th nomination.

WILL WE EVER SEE MORE SO HELP ME TODD?

@TVGMMattRoush

Question: Why did CBS cancel *So Help Me Todd*?!! It was a whodunit show that did both comedy and drama well. Do you think CBS might reverse itself? –Laurie

Matt Roush: Doubtful.

Some cancellations hurt more than others, and judging from my e-mail bag over the last few days, this one really stings. And I get it. *So Help Me Todd* falls under the category of pure entertainment. It's not part of a larger franchise, its only aim is to amuse, and it was part of an enjoyable Thursday experiment in genre comedy, starting with *Young Sheldon* and *Ghosts* and continuing in hour form with *So Help Me Todd* and the new *Elsbeth*. The "why" of *Todd*'s cancellation is both simple and complicated. Simply put, *Todd*'s ratings, while not terrible, weren't as strong as much of the rest of CBS's schedule, most of which is returning next season. With limited shelf space for new programming designated for this fall, something had to give. (*CSI: Vegas* also got the boot.) It seems unlikely CBS will pull another *S.W.A.T.* and cancel this cancellation, and there's no industry talk about moving it to streaming or seeking another outlet, given that this is produced by CBS Studios.

The Great War 8 pm on HISTORY

Premiere

This four-hour documentary covers the U.S. involvement in World War I in 1918. After years of terrible losses on the battlefields, the Allies are on the verge of losing to Germany. So Gen. John Pershing rushes to train and deploy the American army.

Mysteries of the Unknown 8 pm on TRAVEL

Don Wildman looks at fascinating mysteries, including a garden of glass created by a floral genius tired of watering plants; the Delano Grape Strike, where Cesar Chavez led a battle over farm worker rights; and a unique procedure makes smiles brighter.

Next Baking Master: Paris 9 pm on FOOD

Good taste can look the part when Stephanie Boswell and Ludo Lefebvre have the bakers create buttery delectable inspired by Julien Abourmad and Emmanuel Gunther's cruffin. Then, fashion is the muse for a trio of desserts that taste as good as they look.

Weakest Link 10 pm on NBC

The cast of "Days of Our Lives" compete in this season premiere as host Jane Lynch has them answer rapid-fire questions in hopes of earning cash for charity. But when a contestant answers incorrectly, the team must begin anew with a lower amount of money.

CHEERS & JEERS

by Damian Holbrook
TV Guide Magazine

@damianholbrook

CHEERS TO LOOT'S

priceless star, Maya Rudolph. As an heiress trying to better the world with a staff of misfits on Apple TV+'s gem, the *SNL* vet delivers Emmy-worthy work in both the drama and comedy categories.

CHEERS TO THE BOLD AND THE BEAUTIFUL

for knowing you can't keep a bad girl down. Despite being "fatally" stabbed in February, Kimberlin Brown's Sheila refuses to die. It was just revealed she pulled a fast one using a look-alike and will continue her reign as daytime's worst.

follow Cheers & Jeers

JEERS TO CBS

for dismissing *So Help Me Todd*. The immensely entertaining Skylar Astin-led legal dramedy had the book thrown at it after two seasons, just as the equally charming and similarly themed *Elsbeth* was being renewed. Way to botch a killer cross-over opportunity, gang.

JEERS TO "FAKE" CASTING.

The usually engaging Netflix competition *The Circle*, which challenges sequestered players to create alliances with one another through online chats, has added an artificial intelligence chatbot named Max to the sixth season's cast. Because the only thing worse than being catfished is seeing real humans lose out to an overpaid Alexa.

WWE Friday Night SmackDown

8 pm on FOX

Coming out of the major King and Queen of the Ring PLE, their muscles are twitching for some hard-hitting action as the stars of WWE, including Jade Cargill, Cody Rhodes, LA Knight, Bianca Belair and Randy Orton, head to New York's capital city of Albany.

We're Here

9 pm on HBO

Season Finale

In this Season 4 finale, Jaida Essence Hall sits down to give an inside look at the season and the drag queens and townspeople who made it happen. From Priyanka, to Sasha Velour, to Latrice Royale, the drag show must go on and on and on.

Great Performances

9 pm on PBS

Synonymous with classic American musicals, this "Rodgers & Hammerstein's 80th Anniversary" special brings together performers, such as Audra McDonald, Aaron Tveit and more, to perform songs from "The King and I," "The Sound of Music" and others.

House Hunters

10 pm on HGTV

In the fine print of many relationship books, they say that after a bad breakup, consider moving to West Hartford, Conn. And true to form a newly single woman looks for a fresh start in a lovely colonial, but her best friend keeps her budget in mind.

Popular CoQ10 Pills Leave Millions Suffering

Could this newly-discovered brain fuel solve America's worsening memory crisis?

PALM BEACH, FLORIDA — Millions of Americans take the supplement known as CoQ10. It's the coenzyme that supercharges the "energy factories" in your cells known as *mitochondria*. But there's a serious flaw that's leaving millions unsatisfied.

As you age, your mitochondria break down and fail to produce energy. In a revealing study, a team of researchers showed that 95 percent of the mitochondria in a 90-year-old man were damaged, compared to almost no damage in the mitochondria of a 5-year-old.

Taking CoQ10 alone is not enough to solve this problem. Because as powerful as CoQ10 is, there's one critical thing it fails to do: it can't create new mitochondria to replace the ones you lost.

And that's bad news for Americans all over the country. The loss of cellular energy is a problem for the memory concerns people face as they get older.

"We had no way of replacing lost mitochondria until a recent discovery changed everything," says Dr. Al Sears, founder and medical director of the Sears Institute for Anti-Aging Medicine in Palm Beach, Florida. "Researchers discovered the only nutrient known to modern science that has the power to trigger the growth of new mitochondria."

Why Taking CoQ10 is Not Enough

Dr. Sears explains, "This new discovery is so powerful, it can multiply your mitochondria by 55 percent in just a few weeks. That's the equivalent of restoring decades of lost brain power."

This exciting nutrient — called PQQ (*pyrroloquinoline quinone*) — is the driving force behind a revolution in aging. When paired with CoQ10, this dynamic duo has the power to reverse the age-related memory losses you may have thought were beyond your control.

Dr. Sears pioneered a new formula — called **Ultra Accel II** — that combines both CoQ10 and PQQ to support maximum cellular energy and the normal growth of new mitochondria. **Ultra Accel II** is the first of its kind to address both problems and is already creating huge demand.

Over 47 million doses have been shipped to men and women across the country and sales continue to climb for this much sought-after brain fuel. In fact, demand has been so overwhelming that inventories repeatedly sell out. But a closer look at **Ultra Accel II** reveals there are good reasons why sales are booming.

Science Confirms the Many Benefits of PQQ

The medical journal *Biochemical Pharmacology* reports that PQQ is up to 5,000 times more efficient in sustaining energy production than common antioxidants. With the ability to keep every cell in your body operating at full strength, **Ultra Accel II** delivers more than just added brain power and a faster memory.

People feel more energetic, more alert, and don't need naps in the afternoon. The boost in cellular energy generates more power to your heart, lungs, muscles, and more.

"With the PQQ in Ultra Accel, I have energy I never thought possible at my age," says Colleen R., one of Dr. Sears's patients. "I'm in my 70s but feel 40 again. I think clearly, move with real energy and sleep like a baby."

The response has been overwhelmingly positive, and Dr. Sears receives countless emails from his patients and readers. "My patients tell me they feel better than they have in years. This is ideal for people who are feeling old and run down, or for those who feel more forgetful. It surprises many that you can add healthy and productive years to your life simply by taking **Ultra Accel II** every day."

You may have seen Dr. Sears on television or read one of his 12 best-selling books. Or you may have seen him speak at the 2016 WPBF 25 Health and Wellness Festival in South Florida, featuring Dr. Oz and special guest Suzanne Somers. Thousands of people attended Dr. Sears's lecture on anti-aging breakthroughs and waited in line for hours during his book signing at the event.

Will Ultra Accel II Multiply Your Energy?

Ultra Accel II is turning everything we thought we knew about youthful energy on its head. Especially for people over age 50. In less than 30 seconds every morning, you can harness the power of this breakthrough discovery to restore peak energy and your "spark for life."

So, if you've noticed less energy as you've gotten older, and you want an easy way to reclaim your youthful edge, this new opportunity will feel like blessed relief.

The secret is the "energy multiplying" molecule that activates a dormant gene in your body that declines with age, which then instructs your cells to pump out fresh

MEMORY-BUILDING SENSATION: Top doctors are now recommending new **Ultra Accel II** because it restores decades of lost brain power without a doctor's visit.

energy from the inside-out. This growth of new "energy factories" in your cells is called mitochondrial biogenesis.

Instead of falling victim to that afternoon slump, you enjoy sharp-as-a-tack focus, memory, and concentration from sunup to sundown. And you get more done in a day than most do in a week. Regardless of how exhausting the world is now.

Dr. Sears reports, "The most rewarding aspect of practicing medicine is watching my patients get the joy back in their lives. **Ultra Accel II** sends a wake-up call to every cell in their bodies... And they actually feel young again."

And his patients agree. "I noticed a difference within a few days," says Jerry from Ft. Pierce, Florida. "My endurance has almost doubled, and I feel it mentally, too. There's a clarity and sense of well-being in my life that I've never experienced before."
