Fans of All Rise were thrilled to hear that the show - which was canceled at its original home on CBS in 2021 - was picked up by OWN for an unexpected third season, which premieres this Tuesday. Season 3 resumes six months after Season 2 ended, with Judge Lola Carmichael played by Simone Missick - waiting for the results of the midterm election. Missick teases of the upcoming episodes: "This season we will see old relationships revisited, current relationships and friendships tested, and romances blossoming. Our show always promises exciting cases for our fans to hold onto from episode to episode. But we are still walking that fine line with our special All Rise brand of humor to take them on a true rollercoaster ride every episode."

So what has changed now that the show has moved to a new network? "Well, I mean, we're reporting to Oprah herself!" Missick laughs. "You've got a whole new set of rules and directives. It's wonderful because at OWN they're very mindful of so many details, from how does Lola's hair look to what is Sherri [Ruthie Ann Miles] wearing this week. They're invested in all aspects of it – and it doesn't mean that they don't trust the amazing professionals that we have over here – but they're really just interested in it all,

which is really great.

"There's a level of excitement with OWN that is palpable. It feels like this is the first season and the show is getting ready to air for the first time. And we keep saying the theme for this season is new beginnings. ... It reflects not only in the stories, but also in our real lives with OWN."

Also new this season is Missick's role as executive producer, something she doesn't take lightly. "It's such a gift. It's such an education on so many levels of things that just being the lead actor on a show I didn't understand about all of the people that go into making this show work," she enthused. "All of the moving pieces and parts are important. And I'm really finding my own lane and finding where I can truly help and be of service and offer my voice and my thoughts."

Viewers may be happy to note that the series is changing how it portrays real world events – namely, how COVID is represented. "We have taken the cue from many TV watchers and fans and stepped away from the COVID of it all," explained Missick. "Our show is choosing to tell the story without that being prominent this season. ... Obviously, COVID protocols are still in place on set. But in terms of our storyline, we've chosen to step away from that."

FATHERS ON FILM TCM Celebrates Dad Every Sunday In June.

Each Sunday night in June, Turner Classic Movies celebrates big-screen dads with a double feature of memorable films about fathers and fatherly figures. This week's initial twin bill kicks off with Vincente Minnelli's 1950 Best Picture Oscar-nominated comedy classic *Father of the Bride*, starring Best Actor Oscar nominee Spencer Tracy as a harried man prepping for his daughter's (Elizabeth Taylor) walk down the aisle. The film also received an Oscar nomination for its screenplay by Frances Goodrich and Albert Hackett, who adapted Edward Streeter's novel. Up next is that movie's 1951 sequel, *Father's Little Dividend*, which re-teams the stars, writers and director in a tale about Tracy's character now coming to grips with becoming

a grandfather. Part 2 of the Fathers on Film stunt airs June 12, with Fiddler on the Roof (1971), the Best Picture Oscar-nominated adaptation of the hit musical, and Judge Hardy and Son (1939), starring Lewis Stone as the titular dad, Judge James K. Hardy, and Mickey Rooney as son Andy. And, just for an early tease, the double feature for Father's Day (Sunday, June 19) will feature Life With Father (1947, pictured) and The Courtship of Eddie's Father (1963).

5 QUESTIONS with ...

JENNA ELFMAN

Of AMC's "Fear The Walking Dead"

By Jacqueline Cutler

Even in a T-shirt and fresh-faced, Jenna Elfman projects a carefree grace. While her character, June, the pragmatic nurse on AMC's Fear the Walking Dead, whose Season 7 finale airs Sunday, doesn't showcase Elfman moving, her years as a dancer are evident. If you think you've never seen her dance, you have if you watched the 1991 Academy Awards. She was the tallest blond-haired dancer in the opening number. Elfman hit it big with Dharma & Greg (1997-2002) and has worked steadily since. Having finished shooting Season 7 of the famed Dead franchise, Elfman chatted via Zoom, answering our "5 Questions" from her Austin home.

- **1.** Before taking on the role of June, were you familiar with *The Walking Dead* universe? I'd seen maybe one of the episodes. Then I got offered the role. I knew this is a big universe in terms of the fandom and the mythology. And I watched every single episode of *The Walking Dead* and *Fear the Walking Dead* that had ever been made at that time of being hired, and have continued to watch.
- Tell us about a time you were starstruck. I was walking down Sunset Boulevard in 1997, shopping with the costume designer of *Dharma & Greg*. Bonnie Nipar and I had just parted ways, and I happened to look to my right and saw Jean Reno. I am obsessed with Jean Reno. I love this guy. I love him as an actor so much, and he's having lunch with someone. I should have really just kept walking, but I couldn't help myself. So I turned around and went into the restaurant and proceeded to really talk way too much about how much I admired him. It was very awkward, and he was very gracious and kind. Then I promptly turned on my heels when I realized I was making a fool of myself.
- What shows did you grow up loving? Get Smart, M*A*S*H, I Love Lucy and The Carol Burnett Show.
- If you were on Jeopardy!, what made-up categories would you run? It would be fun to do a Walking Dead universe category. I think dance, and I would do marriage. [She's been married for 27 years to actor Bodhi Elfman.]
- What are some other jobs you had before you made it as an actor? My very first job, in the late '80s, was putting studs and rhinestones on shirts. That was followed by bagging groceries. I had this very defining moment for myself. I was 18, and I went, "I'm supposed to be given orders from an artist, like a director. This feels wrong to me. I don't care to be loyal to a grocery store." That's when I proceeded to really lean into dance auditions for TV and film, getting a commercial agent because I thought, let me just make a game for myself to see if I can pay my rent doing what I am, which is an artist. [And the rest is history.]

Series Premiere

This new docuseries examines true stories of women who were abducted, assaulted or even killed while out in public alone. The premiere, *Kenia Monge*, revisits the 2011 case of an intoxicated young woman who accepted a ride from a clean-cut stranger late one night in Denver.

STARZ is set to premiere its new drama series Becoming Elizabeth on Sunday, June 12 at 9 PM ET/PT. Starring Alicia von Rittberg as Elizabeth, this is the fascinating story of the early life of England's most iconic Queen, long before she ascended the throne. Young Elizabeth Tudor was an orphaned teenager who became embroiled in the political and sexual politics of the English court. With no clear heir, the death of King Henry the VIII sets into motion a

dangerous scramble for power. His surviving children find themselves pawns in a game between the great families of England and the powers of Europe who vie for control of the country. Elizabeth struggles to control her own destiny and take real power as the men around her attempt to claim her sovereignty. Her captivating and factual journey to secure the crown is filled with scheming, betrayal and illicit relationships that threaten to bring forth her demise at a time in which every man or woman of the court is on the wheel of fortune, which may take them to a position of great power one moment, or the executioner's block the next. The series also stars Jamie Blackley, Alexandra Gilbreath, Jamie Parker, Leo Bill, Bella Ramsey, Ekow Quartey, Alex Macqueen and Olivier Huband.

HGTV's new six-episode series *The Great Giveback* with Melissa McCarthy and Jenna Perusich is set to premiere Monday, June 13 at 9 PM ET/PT, and is also available to stream on Discovery+. Upon hearing heartwarming stories of exceptional people nominated by their loved ones, the two set out to combine their love of renovation and design to surprise them with beautiful home transformations. The premiere episode will feature Katie, a combat veteran who overcame serious challenges, following her years of service.

Long-running series *Impractical Jokers* returns to **truTV** with new episodes starting Thursday, June 16 at 10 PM ET/PT. Brian "Q" Quinn, James "Murr" and Sal Vulcano are back for more laughs and mischief. Joining the spectacle during season nine and upping the antics will be a variety of heavy weight star-power including Staten Islanders Method Man and Colin Jost, Chris Jericho, film star Brooke Shields, as well as comedians Jillian Bell, Adam Pally, Jon Gabrus and David Cross, along with Rob Riggle (Holey Moley) and others. Additional episodes will feature Dawanna, a 15-year law enforcement officer, Kate, an ICU pediatric nurse, Lucia, a mom of eight and Mynor, the director of a non-profit.

best bets TUESDAY

Deadliest Catch

8 pm, 12 am on DISC

Fishing black cod for the first time in his career, Saga skipper Jake Anderson fights an engine room fire that threatens to engulf his entire boat. Later, he sews up the sliced finger of a greenhorn, who also happens to be his niece. Meanwhile, Northwestern captain Sig Hansen turns over the helm to son-in-law Clark Pederson as he races to fill his quota.

All Rise

8 pm on OWN

Season Premiere

This legal drama moves to OWN after spending its first two seasons on CBS. Season 3 picks up six months after the season finale, as Judge Lola Carmichael (Simone Missick) spends a tense election night awaiting results. Meanwhile, Emily Lopez (Jessica Camacho) returns from Puerto Rico with a new sense of purpose.

The Chase

9 pm on ABC

Cherchez la femme! The contestants will need to keep that familiar French phrase in mind as the top female quizzer in the world, Victoria "The Queen" Groce, makes her return in a pitched trivia battle, in the new episode When They Go Low, She Goes Highness. Groce's civilian rivals in the competition include a professor, a chemical engineer and a debate coach.

The Real Housewives of Miami

9 pm on BRAVO

Back in Miami, Lisa struggles with issues at home, but Lenny offers her no sympathy whatsoever in the new episode *Looking for Trouble*. Elsewhere, a single ladies' night takes an awkward turn after a certain celebrity friend of Larsa's is brought into the conversation. Meanwhile, some escalating group drama overtakes Guerdy's charity event.

SPORTS ZONE By George Dickie

'Nasty Nestor' emerges as a force in the Yankee rotation

From journeyman to just plain "nasty," Nestor Cortes Jr. is the New York Yankees' feelgood story so far in 2022.

Indeed, the mustachioed left-hander with the inventive deliveries and an itinerant career that has taken him from Baltimore to New York to Seattle and back to New York - twice - has emerged as the Bombers' best starter in the early going. He's also a big reason why the team sits atop of the AL East through the season's first five weeks.

As of mid-May, the 27-yearold Floridian owned a modest 1-1 won-lost record but with a miniscule 1.41 ERA with 42 strikeouts, 11 walks and 20 hits in 32 innings (six starts) for a WHIP of 0.97. Included in that is the no-hitter he nearly threw at the Texas Rangers on May 9, the only hit being a weak bloop single by Eli White in the eighth inning of a 1-0 New York win at Yankee Stadium.

In his first three seasons in the majors, Cortes gave no indication he was anything more than a long man, sporting a 6.72 ERA with the Orioles, Yanks and Mariners from 2018 to 2020. He'd been designated for assignment

and traded for international pool money, so the 36th round draft choice's talents weren't exactly in high demand. But flashes of brilliance and a 2.90 ERA in 93 innings in 2021 earned the man now known as "Nasty Nestor" another look in The Bronx.

The Yankees can be seen in action Saturday, June 11, at home against the Chicago Cubs in a game airing on

FULL NAME: Nestor Cortes Jr.

POSITION: Starting pitcher BATS/THROWS: Right/left NO.: 65

THE WEEK IN SOAPS

Who Gets The Gold? "TV Weekly" Predicts Who's Going To Win At The Daytime Emmys

The 49th Annual Daytime Emmys are set to air on Friday, June 24 at 9pmET/PT on CBS. While The Young and the Restless leads the pack with 18 nominations, these "golden girls" are anyone's to win! TV Weekly

is playing armchair "Blue Ribbon" panelist, offering up the following predictions on who's going home with the coveted statuette in some of the following soap opera categories!

Outstanding Daytime Drama Series. All four soaps – The Bold and the Beautiful, Days of Our Lives, General Hospital and The Young and the Restless – received nods for the top category. So did Days spinoff Days of Our Lives: Beyond Salem, a five-episode

limited series on streaming service Peacock. **General Hospital** has won this category a record 14 times, and *TV Weekly* predicts the show will take home its 15th this year.

Outstanding Lead Performance in a Daytime Drama Series: Actress. Not only does Y&R's Mishael Morgan have an excellent reel as Amanda Sinclair, she's also up against two actresses from Days and two from GH. If votes split for her competition, Morgan could walk home with the win. Previous winner Cynthia Watros (ex-Annie, Guiding Light) is favored by many to win as GH's complex Nina Reeves.

Outstanding Lead Performance in a Daytime Drama Series: Actor. B&B's John McCook (Eric) is the only nominee in this group who hasn't already won a Daytime Emmy. He delivered strength and passion for his performance as a man who feared losing his wife. Last year, McCook won the fan-based Soap Hub Award for Favorite Actor for his work. Will his fellow actors bestow the

Daytime Emmy on him? We think they will.

Outstanding Supporting Performance in a Drama Series: Actress. Kelly Thiebaud took her *GH* character Dr. Britt Westbourne to new heights as the strong-willed woman showed great vulnerability after falling for Steve Burton's Jason Morgan. **Stacy Haiduk** has been delivering tours de force for years as *Days*' Kristen. We can't call this one.

Outstanding Supporting Performance in a Drama Series: Actor. Nominee Bryton James (Devon, Y&R) already has two Daytime Emmys on his mantel. However, this year could go to his former costar Jordi Vilasuso (ex-Rey), who gave a powerful performance as a husband fearful of losing his wife to another man.

Outstanding Younger Performer in a Drama Series. Nicholas Alexander Chavez (Spencer, *GH*) is the best young actor to hit the soap opera world in years. It'll be surprising if he doesn't win for his first nomination.

HOROSCOPES By Yasmin Boland

ARIES (March 21 - April 19) It must feel pretty good to be you right now! All that confusion and lack of clarity from earlier years is now transforming beautifully into tangible results. You certainly know that opportunities are multiplied when they are seized. Make saying "yes" your personal ethos on life now.

TAURUS (April 20 - May 20) A riddle to do with study or travel plans could be solved this week. Whatever has been stuck can shift. What was hidden can be revealed. There could also be a bolt of love out of the blue – for a friend or family member or even romantically. Cash surprises are possible too.

GEMINI (May 21 - June 20) You have the luckiest stars at the moment. At every turn, it's as though the road rises up to meet you! The more social you are, the more opportunities come your way. Right now, it's time to tune into your dreams and feelings. Don't let recent delays or setbacks dampen your enthusiasm!

CANCER (June 21 - July 22) You could be ready to make some waves at work, if you're not already. As a Moonchild, it will be worth your while to look up in the evening this week. As she grows in light, make a wish. When it comes to your professional life, grab life with both

LEO (July 23 - Aug. 22) Workplace tensions or longer-term career decisions will now begin to sort themselves out. For now, put any personal problems aside and focus on making your best impressions at work. A little bit of effort will go a long way. Do what is necessary to be seen in your best light.

VIRGO (Aug. 23 - Sept. 22) By the time this week is over, you may begin to wonder what the recent stress was all about! As your patron planet picks up the pace, you can solve a

mystery involving travel, your personal philosophy or spiritual life. Your job this week, just relax, things will work out.

LIBRA (Sept. 23 - Oct. 22)
Recent confusion regarding
finances or relationship entanglements will begin to iron themselves out now. Your mission, if
you choose to accept it, is to be
more assertive in what you want
in love or a business deal or with
others in general. Being accommodating doesn't have to mean
suppressing your desires.

SCORPIO (Oct. 23 - Nov. 21) When you look for it, there's a certain beauty in the mundane. The little tasks you do on a daily basis may feel more inspiring or energizing than normal. If you're working toward something big, then keep going as it will be worth it. Blessings do multiply when you show gratitude.

SAGITTARIUS (Nov. 22 -

Dec. 21) Relationships, romantic or professional, are a source of light and inspiration in your life now. You've got great stars for love. So, if you're single or partnered, sprinkling a little salt on your life will remind you just how good things are.

CAPRICORN (Dec. 22 - Jan. 19) Fun, love and children have been a source of confusion recently. This week, you'll find out why. If you've been less than hopeful or optimistic, then it might be time to start analyzing why you think the way you do. The best is yet to come, be open to receive it.

AQUARIUS (Jan. 20 - Feb. 18) When it comes to domestic dynamics, things may have felt less than great recently at home, but things are turning around. Sure, you can continue putting your own priorities first, but infusing your communication style with optimism will help. The issue is, you can be right or you can be happy.

PISCES (Feb. 19 - March 20) Let's talk about cash; the more inspired action you take, the more money you make! While you may think it's magic, it's just that the stars are showing what is possible for you – now and always.

ASK MATT

@TVGMMattRoush

Question: Will another net or streaming service pick up *Magnum P.I.? – Justin*

Matt Roush: There are two inevitabilities this time of year: unhappiness over favorite shows being canceled, and the long-shot hope that a streamer or other entity will rescue a show that has unexpectedly had its run cut short. (In Magnum's case, the reboot lasted exactly half as long as the original's eight-year run.) By all reports, the cancellation of Magnum was very much a business decision after CBS and Universal failed to settle on a license fee, which is no doubt going to become even more prevalent as broadcast TV ratings continue to soften and production costs remain high.

Last week's cancellation bloodbath was one of the most extreme I've witnessed in some time, but very few surprised me. Magnum was an exception. CBS tends to let procedurals like these play out to at least the sevenyear mark, so I didn't see this coming until the industry trades began reporting on the negotiations between studios. Because Universal is the lead and original studio behind the franchise, the only way I'd imagine the show could continue is if they kept it going for their company's Peacock streaming platform. The one argument in its favor would be the ongoing trend of reviving classic Intellectual Property, which is how the Magnum reboot came to be in the first place.

New Joint Pill Trounces Leading Products In Clinical Studies

Breakthrough joint performance ingredient is shown to be a safer and more effective way to support mobility, comfort, and flexibility. Users reported results in just 72 hours..

Researchers at Seattle based American Global Health Group, a supplement maker that's been around for over 20 years, have announced a game-changing breakthrough for supporting comfort, mobility, and flexibility.

Sold under the name *VeraFlex*, it features a patented ingredient called UP446, providing clinically proven, fast-acting benefits that experts believe will transform the way joints are supported. And for good reason...

The secret behind *VeraFlex* is backed by over \$2 Million in safety studies. It's featured ingredient has also undergone two double blind placebo controlled clinical trials.

In the first, 60 participants were randomly placed into four groups. The data collected by researchers was stunning.

The groups taking the *VeraFlex* ingredient were shocked at its effectiveness over a 30-, 60-, and 90-day periods of testing that included flexibility, comfort, and joint mobility.

A second study was conducted to ensure the data was accurate. But this time, the study was done to see how quickly it worked, and again, the results participants experienced while taking UP446 blew away researchers.

Shockingly, both men and women experienced results in as little as 3 days. At the end of the day 7, the subjects scored highly for joint comfort and passed their walking tests with flying colors.

One of the most respected joint management specialists in the US, Liza Leal, MD, has enjoyed the benefits of VeraFlex so much she has become the product's spokesperson. She explains why.

A New Approach for Joint Performance

"Maintaining mobility and joint health isn't all about age, research has shown it has a lot to do with supporting immune and enzyme health," explains Dr. Leal. "And if you cannot stay active it can make life hard."

The VeraFlex formula is the only known joint formula available today that targets the 3 enzymes known to support mobility, comfort, and flexibility. It's no wonder the potent featured ingredient possesses eight US patents.

Most joint supplements target a single

enzyme for joint health. Vera-Flex targets all of them, which is why it works so effectively and for so long.

"This is a great new approach," adds Dr. Leal, "it is so well studied."

"I have recommended VeraFlex to patients on a Monday, and they have called me back on Friday to thank me."

Dr. Leal appreciates the science and safety behind VeraFlex. "There are more than 20 published studies, including human clinical trials, and lots of safety studies."

VeraFlex also contains super-antioxidants that help support your bodies maintain cartilage health.

Even with the most skeptical users, VeraFlex almost immediately becomes trusted.

Like the research subjects in clinical trials, you too, can benefit in as little as 72 hours!

and acacia catechu, for their ability to rapidly support healthy enzyme function.

It resulted in the award winning and featured ingredient of *VeraFlex* called UP446[®].

VeraFlex gets an additional boost from an Aloe Vera powder called Aloprin® that has been studied for supporting gastric health, enhanced nutrient absorption, and good gut flora (gut flora is linked to too many health benefits to list but joint health is one of them...)

Together, these potent ingredients are combined at a leading American facility that is GMP certified with pharmacy grade testing for capsule purity before being shipped to your door.
